

# 60,000 NAZIS IN HOLLAND BEING CUT OFF

## YANKS BLAST 12 JAP WARSHIPS

### Meandering Along the Main Stem By WASH FAYETTE

For a long, long time we who live here in Fayette County have taken pride in calling it "God's Country" and "the garden spot of the world" as well as a few other endearing terms to show our appreciation of the fine community in which we live.

United States Secretary of Agriculture, Claude R. Wickard, while here to deliver his speech, Saturday night, was very favorably impressed with the community and the people, and this is what he said about them: "This must be God's country, because the people and the country are both so good."

Coming from the U. S. Secretary of Agriculture, who is familiar with agricultural communities throughout the United States and is himself a "dirt farmer," his words are a real compliment to Fayette County and her citizens generally.

Gilbert C. Crouse, manager of the J. C. Penney Co., is firmly convinced that it pays to advertise in the Record-Herald.

As evidence of one advertisement, he mailed a hat Monday, to a Chinese girl in Honolulu, who wrote to the store saying that she had seen the picture of a hat advertised by his store, in a copy of the Record-Herald, and that the hat was just what she had always wanted.

Gilbert had the girls in the millinery department to pack the hat carefully and mail it to the Chinese girl in Honolulu, Hawaii.

Her name is Jennie Chang.

Hey, you kids that don't like to have your neck and ears washed! Here's good news for you!

It comes from a woman who resides at Bookwalter in Paint Township, and who made the rounds of six stores here Monday, in search of wash cloths, but she could not find a single wash cloth in any of the stores.

Of course I would not guarantee that they won't have wash cloths tomorrow or the next day, but right now they seem to be minus of this important item for keeping clean.

### ARGENTINA RECALLS MILITARY ATTACHE

Invitation To Visit Western Front Withdrawn

LONDON, Oct. 25.—(AP)—Argentina has recalled Col. Pablo Beretta, its military attaché in London, after an invitation to visit the Allies' western front was suddenly withdrawn.

While the Argentine embassy was officially silent, it was reported authentically here that the action occurred several days ago and presumably resulted from lack of cooperation in his country's foreign policy in the war against the Axis.

Similar invitations extended to the military attaches of other South American embassies have not been withdrawn, so far as could be learned today.

### PILOT, PASSENGER PARACHUTE SAFELY

Army Training Plane Crashes In Meigs County

DAYTON, Oct. 25.—(AP)—Wright Field authorities today reported the crash of a twin-engine Army training plane about 10:30 P. M. yesterday on a farm five miles south of Carpenter in Meigs County.

The pilot and passenger, Lt. S. R. Summers of Burke, Ind., and Maj. John H. Van Cleve of St. Louis, Mo., parachuted to safety, but the plane crashed into a barn, killing a cow. Lt. Summers and Maj. Van Cleve are assigned to Wright Field and were on a routine flight at the time of the crash, field officials said.

### SEA-AIR BATTLE IS STILL RAGING AT PHILIPPINES

One U. S. Carrier Sunk After Damaged by Bombs But Most of Crew Saved

By LEONARD MILLIMAN

(By the Associated Press)

Opposing naval forces fighting over nearly 1,000 miles of the western Pacific are battling in three interlocking air-sea engagements, now running in their third day, that have already cost the Japanese a dozen ships sunk or damaged and the Third U. S. fleet one light carrier destroyed.

Preliminary results of the continuing engagements were announced today by Adm. Chester W. Nimitz while a strong formation of Superfortresses lashed at Japan, Gen. Douglas MacArthur's men made their longest advance on rain-swept Leyte Island in the Philippines and Tokyo radio claimed a victory in a naval-air battle east of the Philippines.

No Sea Battle Mentioned

No mention was made in the 1:30 A. M. communique issued by Adm. Nimitz of any great sea battle between American fleet units and the Japanese fleet, as claimed by the Japanese radio since late yesterday.

Nimitz announced Vice Adm. Marc A. Mitscher's carrier planes sank one large Japanese carrier, and damaged two other big carriers.

### GUERRILLA WARFARE SPREADING IN SPAIN

Germans Reported Going to South America That Way

LONDON, Oct. 25.—(AP)—Clashes between Spanish Republican guerrillas and forces of Generalissimo Francisco Franco have spread even into southern Spain, besides the guerrilla raids in northern Spain from France, an officer of the anti-Franco national Spanish union in Paris declared today.

Madrid meanwhile said all but a handful of the Republicans striking into Spain's Navarra section from France had been wiped out.

The National Spanish Union was formed to unite all anti-Franco Spaniards in France, and claims affiliation with an underground Junta of Madrid. In Paris a union official, Colonel Paz, declared clashes were occurring in Andalusia in southern Spain, as well as in Catalonia and Asturias in northern Spain, and other parts of the country. Forays from the French border continue, he said, but there is little information on these struggles due to scant communications.

Colonel Paz charged 40,000 Germans from France had taken refuge in Spain, some aiding Franco's forces and others being helped by the Franco government to go to South America. He also asserted Catholics in Spain now were largely opposed to Franco because of "his dictatorial actions."

### RARE OLD BOOKS AND PAPERS, KEPT AT DENISON UNIVERSITY TWO YEARS, BACK IN CAPITAL

GRANVILLE, Oct. 25.—(AP)—Irreplaceable books, rare papers and other archives from the Library of Congress were stored in Denison University's three newest fireproof buildings for safekeeping when enemy bombing of the national capital seemed possible. Alvin W. Kremer of Washington, keeper of collections, disclosed.

The shipment, kept here more than two years and now safely returned to Washington, was guarded day and night by four men headed by A. B. Piper of Granville. College officials said Piper was given special instructions in

## Reds Drive Nazis Out of Norway Port And Open New Assault Near Warsaw

IT'S JUST ANOTHER block in the streets of bloody Aachen, and this scene is repeated block after block. The body of a German lies on the pavement as Lt. Paul Heath, of Portland, Me., walks along after mopping up operations in the Nazi citadel, now in American hands. (International)

### Tribute Paid Guerrillas Who Gave Valuable Aid In Philippine Invasion

GENERAL MACARTHUR'S

HEADQUARTERS, Philippines, Oct. 25.—(AP)—Weak signals from a radio set on the island of Panay heard in the late fall of 1942 set in motion machinery to aid the guerrillas—aid which culminated in a full scale invasion of the Philippines, Gen. Douglas MacArthur disclosed today.

In a special communique issued from his headquarters and broadcast in English to the Philippines by the "Voice of Freedom" radio, the general paid tribute to the guerrillas.

For two years, he said the inadequately armed patriots, some of them Americans who never surrendered, others who escaped from prison camps and men sent to carry out specific missions,

### CINCINNATI FIRE IS INVESTIGATED

Arson Squad on Job Where Seven Lost Lives

CINCINNATI, Oct. 25.—(AP)—The arson squad of the fire department and city detectives today sought evidence of incendiary in the fire which claimed the lives of seven employees of the Cincinnati Pencil Co., located in the heart of the city late Monday.

Fire Chief Barney Houston said he requested State Fire Marshal Ray Gill to send a special investigator to assist in the checkup and Joseph A. Feldmann, deputy state fire marshal, declared "arson could be a probable cause of the fire."

Washington by library officials. The guards were protecting 103 rare books, some printed before the year 1500; choice presidential manuscripts; the original manuscript of L'Enfant's plan of Washington; three Stradivarius violins; a collection of 18th century newspapers and manuscripts dealing with American history, and other prized articles.

They filled 1,200 packing cases—enough to load seven freight cars.

have fought the Japanese.

Following the disaster which, in the face of overwhelming superior enemy power, overtook our gallant forces, a deep and impenetrable silence engulfed the Philippines," the general said. "Through that silence, no news concerning the fate of the Filipino people reached the outside world, until broken by a weak signal from a radio set in the island of Panay, which was picked up in the late fall of the same fateful year by a listening post of the War Department and flashed to my headquarters.

"The signal, weak and spotty as it was, lifted the curtain of silence and uncertainty and disclosed the start of a human drama with few parallels in military history. In it I recognized the spontaneous movement of the Filipino people to resist the shackles with which the enemy sought to bind them, both physically and spiritually. I gave this movement all

### BLAST-FIRE PHOTOS STUDIED FOR CAUSE

Cleveland Disaster Toll Is 121 Known Dead

CLEVELAND, Oct. 25.—(AP)—Engineers and workmen proceeded today with the task of transforming into its natural state the liquefied gas in two storage tanks which withstood the blasts and raging flames of the East Ohio Gas Co. disaster.

An open flame of seepage gas that had been burning beside one of the two remaining spherical tanks yesterday was piped off to a spot 500 feet from the tanks as a safety measure before regassing of the liquid was undertaken.

As the draining operation began, the search for bodies of victims of last Friday's holocaust continued. A total of 121 bodies had been recovered, but only 44 were identified. Coroner S. R. Gerber estimated that at least half a dozen more bodies remained in the 50-block area of devastation. The number missing stood at 83, but the coroner said this figure probably included some of the unidentified dead.

Mayor Frank J. Lausche's 12-man board of inquiry went through the fire ruins with motion picture and still photographers to secure visual evidence. Three sub-committees will submit reports Friday.

### 'ISOLATIONISM' CHARGES FLY IN CAMPAIGN

Dewey Deferred Farm Speech To Accuse President of Scuttling Trade Plan

By J. W. Davis

(By the Associated Press)

The political campaign roared on through its busiest week yet today, with each side crying "isolationist" at the other as the presidential candidates swung into a down-to-the-wire gallop.

Time is running out, and into the next four days of a campaign that started out comparatively slowly

"TOO IMPORTANT" MILWAUKEE, Oct. 25.—(AP)—Gov. Thomas E. Dewey, paying his first visit of the campaign to Wisconsin, declared here today that the nation's foreign policy is "too important to be made a matter of political controversy."

there will be packed two more speeches by Governor Dewey and two by President Roosevelt.

The Republican nominee, who said in his Minneapolis speech last night that Mr. Roosevelt scuttled the 1933 London Economic Conference and thereby committed "the most completely isolationist" action of any president, traveled to Chicago for a speech tonight (9 P. M. CWT over CBS) on "The Moral Issues in This Election."

Dewey's farm speech, which he had planned originally for Minneapolis, will be delivered instead Saturday on Radio's Farm and Home Hour.

Mr. Roosevelt's campaign blossomed into two major speeches this week-end—at Philadelphia Friday night and Chicago Saturday night, with Delaware, New Jersey and Indiana appearances in between.

### GOVERNMENT TAKES ERIE WAR FACTORY

Refusal To Comply With Prices Is Reason

WASHINGTON, Oct. 25.—(AP)—The government today took over the Erie Manufacturing Company of Erie, Pa., through an executive order which said the company boosted prices on a government contract and "willfully refused and failed" to supply war materials under a previously agreed to price.

The executive order issued from the White House, said the conduct of the company has interfered with the "production and supply of aircraft parts and other essential war materials." It directed Navy Secretary Forrestal to take over and operate the plants to the extent deemed necessary to continue war production.

The order said the secretaries of war and navy issued an order fixing fair and reasonable prices for products of the Erie Manufacturing Company in 1943.

### Mop-Up in Aachen Was Different Even Civilians Moved Out of Ruins as Yanks Advance

By HAL BOYLE

AACHEN, Germany, Oct. 17.—(Delayed)—(AP)—In 1932, Derril M. Daniel was cleaning up the last details on his Doctor of Philosophy thesis—a little opus entitled: "Macrocentrus Ancylovirus, a Polyembryonic Brachionid Parasite of the Oriental Fruit Moth."

"It is a native of New Jersey," drily observed Lt. Col. Daniel, who now is cleaning up Aachen, first

Germans Imply Russians Have Invaded Norway as They Flee U-boat Base on North Atlantic Convoy Route—Hitler Forces Face New Threat in Balkans

By WILLIAM L. RYAN

(By the Associated Press)

Implying a Russian invasion of Norway, Berlin announced today the German evacuation of all military installations at the submarine base which is astride the convoy route to Murmansk.

The Red Army reached the Norwegian border on a wide front Sunday.

A Moscow report said the Germans were evacuating the East Prussian capital of Königsberg, 18th largest German city, and Berlin acknowledged still a new threat to the Junkers province. The Nazi high command disclosed that Red Army tanks and infantry had jumped off behind a massive artillery and air bombardment in a new offensive along the Narew River in Poland, between Warsaw and the boundary of East Prussia.

Kirkenes is important because of its strategic location and because of its 400,000 tons a year of iron ore exports. It is 30 miles west of Petsamo, the former Finnish Arctic port which the Russians captured recently, and 90 miles from Murmansk. Considerable iron smelter facilities are near Kirkenes, employing most of the Norwegians who live there. The war was reported to have reduced the population of Kirkenes from 4,000 to 400 civilians, since the wooden structures were believed destroyed largely by bombs.

German airfields, barracks and depots have been built there since the German occupation, as well as camps for prisoners of war. The port is open throughout the year because of the Gulf Stream flowing to the north.

The Germans said "Russian

This is a big moment in the life of George L. Williamson, 17, of Chicago. He is giving up a fortune of \$146,000—to enter the armed services. The youth passed the test for the air corps enlisted reserve, thus losing an estate bequeathed to him by his uncle, Franklin J. Leavitt of New Jersey, whose will stated that George would lose the bequest if he served in the armed forces. Capt. John H. Patterson is shown with Williamson in Chicago above.

### MILK MARKET ROW MAY END IN COURT

33 Handlers Refuse To Keep Increased Prices

CLEVELAND, Oct. 25.—(AP)—Administrator Fred W. Issler of the Cincinnati and Toledo milk markets indicated today "some kind of court action" might result from refusal of 33 southern Ohio milk handlers to comply with an amendment to federal milk markets order No. 65, increasing milk and cream prices 25 per cent last August 16.

Issler said all 41 handlers in the Cincinnati area paid the increased prices during the last half of August but that 33 petitioned the War Food Administration for permission to place the money in escrow. After the request was turned down, Issler said he understood distributors refused to pay WFA and set up their own escrow account.

He said an administrative hearing before the WFA has been requested by the 33 handlers.

### CONVICTED ON DOUBLE FIRST DEGREE MURDER

COLUMBUS, Oct. 25.—(AP)—An all-woman jury convicted George Pierce, 46, on two counts of first degree murder last night in the fatal shooting of his wife, Lavina, 49, and their 16-year-old son last March in their farm home at nearby Reynoldsburg.

The jury, which deliberated six and one-half hours, failed to recommend mercy, making the death sentence mandatory.

action at Troina, Italy, and near Caumont, France.

But he has found the mopping up of a town of 160,000 people to be a completely different experience from campaigning in African deserts and the Sicilian hills.

"It was all wide open stuff down there," said Daniel, a light-eyed soldier of medium size who still

### VITAL ROAD HUB IS CAPTURED IN BRITISH ATTACK

Americans Making Steady Progress on Their Sectors, But Less Spectacular

By WILLIAM FRYE

(By the Associated Press)

British troops, turning flame-throwers against German bazooka nests, struck through the big Dutch road junction of 'S Hertogenbosch in mop-up operations today, and the Germans fell back in retreat on a 15-mile front above and below that key city.

'S Hertogenbosch was captured except for isolated enemy pockets, a front dispatch said, and supply roads leading north and south were snipped.

Even as the British pressed in the eastern end of the German box salient in southwestern Holland, Canadians bit deeper into the western edge, and made progress in two drives to clear the water approaches to Antwerp.

One Canadian prong hit on toward Roosendaal and Bergen Op Zoom, 22 and 20 miles north of Antwerp, against strong resistance. The enemy was reported making local withdrawals below Breda and Tilburg, middle strongholds of their line across southwestern Holland from the coast to 'S Hertogenbosch.

The Canadian-British offensives threatened the whole German stand below the Maas River.

Nazis Flood Country

The Germans have flooded the southeastern corner of 'S Hertogenbosch in an unsuccessful attempt to hamper the attacking infantry, but organized opposition inside the city has ended and the resistance of scattered parties could not delay complete occupation of the city more than a few hours.

An Allied communique reported slight but steady Allied progress at the opposite end of the west front, with the forces in the Vosges mountains improving their positions, and troops northeast of Epinal making further gains, including the capture of Montagne and Bifontaine after house-to-house fighting.

Together the British and Canadian drives threatened both sides of the rail and highway network serving the Germans in southwestern Holland and were pushing

### STATE TUBERCULOSIS DEPARTMENT ASKED

Wholesale Combat of Disease Would Be Goal

COLUMBUS, Oct. 25.—(AP)—Proposed creation of a division of tuberculosis in the State Department of Health, aided by federal funds, was disclosed here by James E. Bauman, acting health director.

Speaking at the annual conference of county and municipal health officials yesterday, Bauman said a tuberculosis specialist would head the division "to centralize the state department's efforts" and "to fight the disease on a wholesale scale."

The new public health reorganization act authorizes the surgeon general of the U. S. Public Health Service to allocate funds to states for tuberculosis programs. Dr. A. W. Newitt of the service reported.

### LIGHT & POWER CO. STOCK BOUGHT BY OHIO CO-OPS

LANCASTER, Oct. 25.—(AP)—All outstanding securities and indebtedness of the Ohio-Midland Light & Power Co., have been purchased by three Ohio Rural Cooperatives for \$2,115,000. Suft, Darwin Kinder of the South Central Cooperative announced.

The purchasers are South Central, the Inter-County Cooperative of Hillsboro, and the Union Cooperative of Marysville.

# PRESLEY AULT KILLED OCT. 9 DURING BATTLE

Son of Mr. and Mrs. Howard  
Ault Dies in Action  
In France

Sgt. Presley W. Ault, 27, son of Mr. and Mrs. Howard Ault residing on the Jeffersonville road, was killed in action on the battlefront in France Oct. 9, according to a message from the War Department which reached his parents Tuesday afternoon.

Sgt. Ault was a first cousin of Pfc. Herbert Sanderson who was recently reported killed in action, the mothers of the two brave men being twin sisters.

Sgt. Ault graduated from the Washington C. H. High School in 1937, and at the time he entered the armed services was employed at the Pennington Bakery.

Enlisting the service July 1, 1942, he was sent to Camp Forrest, Tenn., where he remained in training for nearly a year. He was then transferred successively to a training camp in Kansas, California, and then to the east coast.

Arriving in England in June he was soon transferred to France and had been with Patton's Third Army.

His last letter received by relatives here was written on October 5, and in that letter, as well as in previous letters, he had told of being under shell fire frequently, and how he had to seek shelter time after time as the Germans sought to reach them with shells and machine gun fire.

In a letter written Sept. 27, to his mother, he stated that he had been made a "combat expert" and that frequent rains in France had caused the mud to be nearly knee deep.

"I've seen the remains of St. Lo but there is very little of it left. About all the rivers are the size of Paint Creek," he wrote in part. He also stated in his letter:

"When I came down for chow today I changed my route a little. The Germans were dropping shells just a little too close for comfort. So far they haven't been very good shots with them. I used to think they wouldn't shoot those 88's at a couple of fellows, but I found out different one day. They sure tried to get us. Talk about getting close to the ground—that was us. Hope they never get any closer."

"What wouldn't I give for a good hot bath, and some clean clothes. Haven't had a bath for six weeks and haven't had a change of clothes since I left England. If I don't get some clean clothes pretty soon these will crop off me."

"But just so I come through this O. K.—I won't kick much."

Sgt. Ault leaves a wide circle of relatives and friends.

In addition to his parents he is survived by his 3 1/2-year-old son, Robert, of Greenfield; two brothers and a sister, Howard, Jr., residing on the Lewis Road; First Lieut. Donald Ault in training with the air forces at Lincoln, Neb., and Mrs. Robert Eisenbrey, of Wilmington.

## NATION'S WORKERS ARE MILLION LESS IN MONTH

WASHINGTON, Oct. 25.—The nation's labor force decreased 1,000,000 in September, War Manpower Commissioner Paul V. McNutt reported today. He described this as a "serious development" in view of increased production requirements in certain industries.

McNutt said the loss of manpower represents students and teachers who quit vacation jobs and women workers who left the labor force to become housewives.

## FATHER SENTENCED CHILLICOTHE

—Failure to send five of his 11 children to school has resulted in Elmer Danner being sent to the Dayton workhouse for one year.

## Mainly About People

Mr. and Mrs. Wilson Bryant have moved from East Market Street to the Yatesville road, it was reported today.

Gariel Leasure, eight-year-old son of Mr. and Mrs. Byron Leasure, underwent an appendectomy, Sunday, in Doctors' Hospital, Columbus, and is recuperating today in room 202.

Mrs. Lenna Brown, who sustained a badly fractured hip in a fall at her home on Peabody Ave., Sunday night, and was not treated until Monday night, will enter the Winters' Rest Home for attention.

Mrs. Jean Snyder was removed from her home on South Fayette Street, Tuesday evening, to St. Anthony Hospital, Columbus, in the Hook ambulance. Her mother, Mrs. Ethel Wilkins is with her at the hospital.

Lt. and Mrs. William Becholdt (nee Donna Bolton) announce the birth of a seven pound and six ounce son, Tuesday evening, in the Good Samaritan Hospital, Dayton. Lt. Becholdt is believed to be in the Philippine Islands.

## CENTRAL GROCERY CO. WILL RESUME MONDAY

Warehouses Temporarily at  
Canning Plant

Plans are being made by the Central Grocery Co. to resume regular business next Monday, from new stocks of goods stored in warehouses at the Fayette Canning Co. plant.

Meanwhile insurance adjusters and salvage men are continuing their work here. The entire stock of the company that was damaged by fire, Oct. 15, was turned over to the insurance adjusters for salvaging, and this work is progressing rapidly.

Workers are clearing away the site so that work on the new brick and steel building may start within a short time.

## CHARGES OF ISOLATIONISM FLY AS CAMPAIGN GOES INTO THE HOME STRETCH

(Continued from Page One)

The president told his news conference yesterday that some newspapers which have recalled his remark at the start of the campaign about not campaigning in the usual sense neglected to say that he had reserved the right "to correct any misrepresentations."

A noisily enthusiastic crowd at Minneapolis last night cheered Dewey's argument that Mr. Roosevelt

# JAMES BARTON IS KILLED ON GERMAN SOIL

Had Been in Service Four  
Years, Was Killed in  
Action October 6

One of the three blue stars hanging in the window of Mrs. Ada Barton's home on the Lewis Road will change to gold, for Pfc. James D. Barton, one of her three soldier sons, was killed in action in Germany October 6, the War Department has just informed her.

Still stunned with grief, Mrs. Barton told of her growing anxiety at not hearing from her son since September 12, an anxiety that was transformed into the terrible knowledge that he had been killed when the yellow telegram arrived.

Pfc. Barton had been overseas two years—in England mostly until his infantry outfit started fighting in France and lately in Germany. Altogether, he had been in the service four years. He was engaged to Miss Carlene Opperman of Charlotte, N. C.

Pfc. Barton was in the Civilian Conservation Corps at Rock Bridge shortly before he entered the service.

Mrs. Barton has two other sons in service too. Pvt. Thomas E. Barton is in the armored school at Ft. Knox, Kentucky. Pvt. John Barton is with an anti-aircraft battalion in Panama. Mrs. Zelma Bunch, Mrs. Barton's daughter, lives with her mother.

spiritual and material support that my limited resources would permit.

"Through the understanding assistance of our navy I was able to send in by submarines, in dribbles at first, arms, ammunition and medical supplies. The news of the first shipment spread rapidly throughout the Philippines to electrify the people into full returning consciousness that America had neither abandoned nor forgotten them."

MacArthur told how the supplies continued to grow and that eventually four submarines were committed to the exclusive task of taking them in.

He told how the guerrillas obtained the secret defensive plans and instructions of the commander-in-chief of the combined Japanese fleet which were used to counter American offensive action in the several Pacific areas. In addition the Americans gained possession of complete information on the strength and distribution of enemy fleets.

"We are aided," the general said, "by the fact that for many months our plans of campaign have benefited from the hazardous labors of a vast network of agents, numbering into the hundreds of thousands, providing precise, accurate and detailed information on major enemy moves and installations throughout the Philippine archipelago."

MacArthur disclosed that the commander-in-chief of the combined Japanese fleets (unidentified) was a prisoner of one of the guerrilla units prior to his death from injuries received in an airplane accident.

(The Japanese radio in April, 1943, announced that Adm. Isoroku Yamamoto, commander-in-chief of the combined fleet, had been killed. The announcement did not elaborate. This is probably the admiral referred to by Gen. MacArthur.)

MacArthur concluded:

On the vice presidential front, Democrat Harry Truman arranged a 24-hour rest before tackling his next speech in Peoria, Ill., tomorrow night. Yesterday he asked Wisconsin voters to defeat Senator Wiley (R), pleading "don't give the president a Senate made up of isolationists."

Senator Truman said in a statement in Washington that Gov. Dewey is "hiding under the bed" having "neither the courage nor the honesty" to reply to a suggestion that he call for the defeat of eight Republican senators whom the democratic vice presidential nominee termed "isolationist."

Truman, in the midst of a transcontinental campaign for President Roosevelt, went into seclusion at a hotel to put the finishing touches on a major speech

# BERNIE BEEL FOUND SLAIN ON WEDNESDAY

Former DP&L Lineman Was  
Proprietor of Busline  
In Lebanon

Bernie Beel, former lineman with the Dayton Power and Light Company here and proprietor of a bus line operating between South Lebanon, Kings Mills and Mason, was found slain, in a truck on state highway 48 two miles north of Lebanon, the Associated Press reported today.

Beel who left here ten years ago for Kansas where he took flying lessons, built his bus line from one transport to a fleet of buses which run today. His widow, Mrs. Martha Pyle Beel, was employed in the ready to wear department of Steeg's Dry Goods Company when they lived here. Their home was on East Street.

Sheriff Gerald Couden said Beel had been shot under the left arm and struck upon the head.

Coroner Herschel M. Williams said a wallet and a \$500 diamond ring usually worn by Beel were missing. Beel apparently had been dead six or eight hours when his body was found about 10:30 A. M., Dr. Williams said.

Officials of the Beel Bus Line could advance no motive for the slaying. They reported Beel recently completed arrangements for a bus line to Middletown and had purchased rolling stock for the venture.

Besides his widow, Beel is survived by his mother, Mrs. Elmer Sheetz, both of Lebanon, and a sister, Mrs. Jessie Hance of Rapsburg, Md.

Mr. and Mrs. Beel moved to Washington C. H. from Lebanon, friends here recalled Wednesday.

## HEALTH QUIZ

Do you have poor digestion?  
Do you feel headachy after eating?  
Do you get sour or upset easily?  
Do you feel tired—listless?

Do you feel headachy and upset due to poorly digested food? To feel cheerful and happy again your food must be digested properly.

Each day, Nature must produce about two pints of a vital digestive juice to help digest your food. If Nature fails, your food may remain undigested—leaving you headachy and irritable.

Therefore, you must increase the flow of this digestive juice. Carter's Little Liver Pills increase this flow quickly—often in as little as 30 minutes. And, you're on the road to feeling better.

Don't depend on artificial aids to counteract indigestion—when Carter's Little Liver Pills aid digestion after Nature's own order. Take Carter's Little Liver Pills as directed. Get them at any drugstore. Only 10¢ and 25¢.

Beel who left here ten years ago for Kansas where he took flying lessons, built his bus line from one transport to a fleet of buses which run today. His widow, Mrs. Martha Pyle Beel, was employed in the ready to wear department of Steeg's Dry Goods Company when they lived here. Their home was on East Street.

Sheriff Gerald Couden said Beel had been shot under the left arm and struck upon the head.

Coroner Herschel M. Williams said a wallet and a \$500 diamond ring usually worn by Beel were missing. Beel apparently had been dead six or eight hours when his body was found about 10:30 A. M., Dr. Williams said.

Officials of the Beel Bus Line could advance no motive for the slaying. They reported Beel recently completed arrangements for a bus line to Middletown and had purchased rolling stock for the venture.

Besides his widow, Beel is survived by his mother, Mrs. Elmer Sheetz, both of Lebanon, and a sister, Mrs. Jessie Hance of Rapsburg, Md.

Mr. and Mrs. Beel moved to Washington C. H. from Lebanon, friends here recalled Wednesday.

## HEALTH QUIZ

Do you have poor digestion?  
Do you feel headachy after eating?  
Do you get sour or upset easily?  
Do you feel tired—listless?

Do you feel headachy and upset due to poorly digested food? To feel cheerful and happy again your food must be digested properly.

Each day, Nature must produce about two pints of a vital digestive juice to help digest your food. If Nature fails, your food may remain undigested—leaving you headachy and irritable.

Therefore, you must increase the flow of this digestive juice. Carter's Little Liver Pills increase this flow quickly—often in as little as 30 minutes. And, you're on the road to feeling better.

Don't depend on artificial aids to counteract indigestion—when Carter's Little Liver Pills aid digestion after Nature's own order. Take Carter's Little Liver Pills as directed. Get them at any drugstore. Only 10¢ and 25¢.

# MODERN CONGRESS LAWMAKER'S HOPE

Study Already Begun for  
Revamping Machinery

WASHINGTON, Oct. 25.—(AP)—Senators talked today of a bit of tactical campaigning this winter—at the House end of the Capitol—for action on plans to modernize Congress.

The Senate already has adopted a resolution calling for a study of an overhaul job on the legislative machinery, which has been running along for years without much reconditioning. House members say the measure is wedged in a rules committee pigeonhole.

But interested senators are discussing the possibility of offering a few polite suggestions that it be piled loose. Their position, as

were attacked at Hamm, in the Ruhr and Rhineland area 90 miles northeast of Aachen. Much of Germany's war material and reinforcements for the western front must traverse its rail spiderweb.

Several oil refineries were bombed at Hamburg.

The bombers had been idle for two days because of weather.

The 500 convoying Thunderbolts and Mustangs saw no German interceptors.

## DIES IN BOMBER CRASH

FORT WORTH, Texas, Oct. 25.—(AP)—Flight Officer Orville F. Roush, 22, son of Mr. and Mrs. Howard V. Roush, Springfield, O., was killed in a bomber crash near here.

## DIES IN BOMBER CRASH

# THE WAR TODAY

By DEWITT MACKENZIE

While details of the sea-air battle off the Philippines between strong Japanese forces and units of Admiral William F. Halsey's U. S. Third fleet leave much to the imagination, it's clear that a major engagement is under way.

An official communique from Pearl Harbor also indicates that the advantage rests heavily with the American fleet—sweeping Japanese claims notwithstanding.

Whether this may develop into the (upper case) great naval engagement for which the world has been waiting remains to be seen. We can at least say that this clash of giants, which began Monday and is continuing, may prove to be the decisive engagement of the Philippine invasion.

The significance of this battle is that the Mikado's forces were aiming to deal a death blow to General MacArthur's invasion of Leyte Island in the heart of the Philippine Archipelago. They hoped to destroy the convoys of supplies and troops which are pouring in to him, and then to smash the American expedition which already is ashore and getting ahead well with the job of over-running this strategic key to the whole archipelago.

It's quite on the cards that more than one engagement is raging. Japanese naval forces approached Leyte through both the Sulu and the Sibuyan seas.

These Nipponese fleets contained powerful units, for Admiral Nimitz's headquarters at Pearl Harbor has announced that the U. S. Third fleet has sunk a large Japanese carrier, and damaged two other large carriers, five or six battleships, one cruiser and several unidentified warships. So the Japs moved a lot of heavy stuff out for the attack.

A decisive American victory in this battle would vastly expedite our task of reclaiming the Philippines. The corollary to that must be that it would greatly shorten the war with Japan, for loss of this great archipelago will so divide the Mikado's empire and his conquests that his war effort will be crippled.

Any great engagement naturally creates tense movements for those who are waiting for news back here at home. However, the Allies have every reason for complete confidence in the American fighting forces in the Pacific. Admiral Halsey, upon whose fleet appears to rest the weight of this engagement, is a grand skipper. He's daring but not rash, and is one of the most inspiring leaders of this war.

Actually Halsey's force has been hunting the Jap fleet—trying to taunt it into coming out to fight—for a long time. He has dangled innumerable sensational island attacks under the noses of the Nipponese in the hope that he could make 'em mad enough to risk their main fleet in action. Always, of course, while he has been carrying on his bear-baiting he has had Yankee naval units not far away, ready to rush in for the kill if the Japs accepted battle.

Up to this juncture, however, the Nipponese have kept their big home fleet under cover and it has been evident that they didn't intend to risk it excepting as a last resort. They've been holding it for defense of the homeland.

Whether the Japanese war lords have at long last decided to risk a sizeable part of their main fleet, the fact remains that the Pacific war has reached its crisis. It's now or never for Nippon.

## GENTILE, SWEETHEART TO WED IN NOVEMBER

COLUMBUS, Oct. 25—(P)—Mr. and Mrs. Joseph Masdea of Columbus, announced that their daughter Isabella, 20, would marry Capt. Don S. Gentile, 23, of Troy, fighter pilot who destroyed 30 enemy planes in Europe, on Nov. 29.

# CANNING SUGAR STAMP INVALID AFTER NOV. 15

Last of Unnumbered Gasoline Coupons for Off-highway Use Expire Oct. 31

Housewives of Fayette County may file their applications for canning sugar until Nov. 15, it was said at the office of the Ration Board here with the explanation that the spare stamp, No. 37 in book 4, which must accompany the application becomes invalid after that date.

Although fruits are not generally available in this area for canning after November 15, those consumers who do have fruits for home canning, and who have not received their maximum of 20 pounds per person, may file their applications with the local boards before November 15.

"This action will preclude the necessity of the local board processing home canning applications throughout the entire year by limiting their home canning activities to those seasons when fruits are available for canning," it was said.

Home canning sugar coupons still in the hands of consumers, as well as sugar stamp 40 in Book 4, remain valid for 5 pounds of sugar through February 28, 1945, as previously announced.

**About Gasoline**  
Turning from canning sugar to gasoline, it was said at the board's office here that the last of the non-serially numbered off-highway coupons—those lettered "E" and "R"—will expire Oct. 31.

Filling station operators will have 10 days, or through November 10, to turn in the expired coupons to their suppliers for gasoline, or to exchange them at the board for ration banking checks. Distributors will have through November 20 to deposit these coupons in their ration bank accounts.

Farmers and other non-highway gasoline users who have "E" and "R" coupons, which are not serially numbered and were issued for use beyond Nov. 1, may exchange these coupons for valid ration currency at the board's office.

The expiring coupons may be identified by two points: First, the coupons do not have a serial number on them; second, they bear the capital letter "E" or "R" with no number after it. (Currently valid coupons in addition to bearing serial numbers, are lettered "E-1," "E-2," "R-1," "R-2.")

## THREE BIG ISSUES SEEN BY FIRST LADY

WASHINGTON, Oct. 25—(P)—Mrs. Franklin D. Roosevelt said today she believes the question of a fourth term is not as much a major issue in this campaign as the third term was in 1940.

The first lady told her news conference that she formed this opinion from letters she has received and questions she has been asked on speaking trips.

The three big things in the minds of the people at the present, she added, seem to be:

1. How we are going to have jobs for everybody after the war.
  2. The winning of the war.
  3. What foundations are being laid for future peace.
- "It seems," she said, "that the three are really tied together. How they line up in importance I don't really know, but it would seem that the way you lay the foundation for peace is the way you go about creating jobs."

## AUCTION SALE

Premier Offering of

**SCOTCH SHORTHORN CATTLE**

Earl E. Evans & Son and David S. Graham  
Woodstock, Ohio South Solon, Ohio

The Sale Will Be Held at the Fairgrounds at  
**LONDON, OHIO**  
**WEDNESDAY, NOV. 1, 1944**

Sale Will Start at 1:00 P. M.

The best families of the best breed of cattle are represented in these two noted herds, namely: Augustas, Roan Ladys, Maudes, Rosewoods, Lavenders, Broadhooks, Mulberys, Duchess of Glosters, Dorothys, Cecillas and Missies. # JAP TANK ATTACK BROKEN UP ON PELELIU BY LONE OHIOAN WITH BAZOOKA—SMASHED 4

(By Sergeant Ray Fitzpatrick, of Waterbury, Conn., a Marine Corps Combat Correspondent. Distributed by the Associated Press.)

SOMEWHERE IN THE PACIFIC—A 20-year-old Marine "bazooka" man in combat for the first time on strongly-fortified Peleliu fired his weapon eight times and knocked out four Japanese tanks in a wild burst of action that only took 10 minutes.

The exploit is related here by admiring comrades of Pfc. Robert Bungard, son of Mrs. W. D. Bungard, of Diamond, Ohio. They say they owe their lives to his cool head and amazing marksmanship.

Bungard was moving forward with an infantry outfit on the afternoon of D-Day when a fleet of Jap tanks came rolling over a hill in Paris. He got into position in a shell hole which protected him up to the chest and waited for the Japs to come within range.

The first Jap tanks were within 200 yards when he opened fire with his rocket launcher. His first shot damaged one of the leading pair of tanks; his second blew its turret off.

The other tank of the first pair was only 50 yards away, its guns spitting fire. Bungard, aiming carefully, halted it with one shot. As the rest of the tank fleet, estimated to have numbered 20 in all, sought to spread out over the ridge, the young bazooka man took aim again. Three hits were enough to disable another tank, and he turned his attention to a fourth. This one he got with two shots. That was enough for the rest of the Jap tanks and they fled back over the ridge.

"I'd find it hard to believe if I hadn't seen it myself," related Corporal John A. Heisler, of Wau-sau, Wis. "I was just a few feet away from Bungard when he went into action. It was almost like a movie. He was stopping everything that he fired at."

By dropping a grenade down its hatch, Heisler himself destroyed a Jap tank which had bogged down in a swamp.

## YANKS BLAST JAP SHIPS IN AIR-SEA BATTLE NOW RAGING NEAR PHILIPPINES

(Continued from Page One)

riers, five or six battleships, a cruiser and several smaller warships.

The Japanese—obviously attempting a surprise three pronged attack which they hoped would catch Halsey's force concentrating on Japanese battleships and cruisers in the Sibuyan and Sulu seas—sent a third force from Formosa.

**Three Jap Carriers**  
This group included at least three carriers. However, there was no indication in the communique that any Japanese carrier planes were launched against the Third fleet which possibly achieved surprise instead in its crippling attack on the Imperial navy ships.

It was from this carrier force that Adm. Marc A. Mitscher's planes sank "at least one large carrier and severely damaged two others."

There was no hint in the communique whether the Japanese battleships were of the older, slower classes or their new heavily armed and armored battlewagons which possibly have yet to see action.

The Japanese probably would not risk their better battleships in such comparatively tight spots as these inland seas and without carrier protection or a stronger land-based air force than was indicated by their attack on the Princeton task group.

**U. S. Carrier Hit**  
About 150 land-based Japanese planes were shot down, but not before they had mortally wounded the converted U. S. carrier, Prince-

# RECORD MONTH IS LOOMING IN SITES' COURT

\$5,633.53 Is Collected in Municipal Court Up To October 1st

October may prove a record month for the collection of fines, fees and forfeitures in Judge R. H. Sites' court, as the amount has already reached over \$1200 and is expected to show a further substantial increase during the remainder of the month.

Collections for September reached \$642.85, as shown by Judge Sites' report filed with council at the first meeting this month.

Up to October 1, a total of \$5,633.53 had been collected by Judge Sites, and 501 cases were filed in his court from January 1 until October 1.

During the present month some 70 arrests have already been made and at that rate the total will be upward of 100 before the month is ended.

A large number of drunken drivers have contributed heavily to the grand total of fines collected, and this has been the reason for much of the large collection so far in October.

shoulder deep mud to the outskirts of the interior village of Tabontabon, flanking strong enemy defenses on the central coast.

With the officially announced capture of San Pablo Airdrome, MacArthur now holds three airfields in Leyte Island.

After securing the San Pablo field armored units of the 7th division fanned out to the northward toward Dagami, important road junction at the western edge of Leyte Valley. Elements of the 96th division advanced to a point nine miles north of Catamon, enveloped Catmon Hill and pushed on to the approaches of Tabontabon.

Substantial gains west of Palo and Tacloban were made by units of the 10th corps now pushing ahead from a line of Hills seized from the Japanese which dominate the coast between Palo and Tacloban.

In this sector the Japanese attempted night infiltration tactics which they employed so successfully in the early days of the war. The tactics met with bloody failure while small scale counter attacks were easily smashed by the oncoming Yanks.

Chinese reported they recaptured the important town of Sinning in southeast China, driving the Japanese back toward Tung-an. The action was 90 miles north of Kweilin, threatened Allied base.

## CHIEF SUSPENDED HILLSBORO—Clef of Police Tom Warner is under 30 days suspension as a disciplinary measure.

## Were Stomach Ulcer Pains Napoleon's Waterloo?

The great Napoleon who conquered nations was himself a victim of after-eating pains. Eckle and Bumgarner, Aucts. Albert Schmidt, Clerk.

# LAUSCHE'S CAMPAIGN SLOWED UP BY FIRE; REP BROWN TO SPEAK

(Continued From Page One)

Former governor George White, who supported Republican Wendell Willkie for president in 1940, endorsed Lausche yesterday.

Lausche's opponent, Mayor James Garfield Stewart of Cincinnati, repeated the "hand picking challenge at New Philadelphia and added that Democrats "by the thousands" would vote against the New Deal in Washington and against any little New Deal in the State House in Columbus."

Republicans, meanwhile, prepared to step up the oratory tomorrow, when Warren H. Atherton, national director of the veterans' division of the national Republican campaign and past commander of the American Legion, addresses a Columbus luncheon.

Tomorrow night Gov. John W. Bricker, Republican vice presidential nominee, will address precinct workers from Enid, Okla., while U. S. Senator Robert A. Taft and Rep. Clarence J. Brown, national committeemen, speak from London, and Mrs. Katharine Kennedy Brown, national committeewoman, and State Chair Ed D. Schorr from Columbus.

The program from 9:30 to 10 P. M. (CWT) will be broadcast on a state network.

Taft, seeking re-election, was characterized as "the rubber stamp senator—always opposed to everything that the administration desired," by William G. Pickrel of Dayton, the Democratic candidate for senator.

"On the other hand," Pickrel said, "Senator (Harold H.) Burton has looked at every measure on its own merits. Senator Taft almost automatically votes 'no' on any measure in which he even thinks the administration is interested, while Senator Burton has adopted a policy of cooperation."

## REDS DRIVE GERMANS OUT OF NORWAY PORT AND OPEN NEW ATTACK NEAR WARSAW

(Continued from Page One)

thrusts east of Langfjorden were repulsed."

Hundreds of miles to the south in the erupting Balkan fighting, Berlin said the Russians had attacked Kraljevo in Yugoslavia, on the last railroad available for German retreat from the Balkans. The city is 75 miles south of Belgrade.

**New Russian Drive**  
Germany announced officially today a new Russian offensive along the Narew River in Poland between Warsaw and the southern boundary of invaded East Prussia. The Berlin communique said

## Gas on Stomach

Relieved in 5 minutes or double your money back. When excess stomach acid causes painful, nagging gas, sour stomach and heartburn, doctors usually prescribe the famous antacid medicine known as Uda. No laxative. Reduces gas, soothes the stomach, and returns to normal in 5 minutes or double your money back.

# BELL TO RING AT HALF TIME ON THURSDAY

Band To Make Bell With Moving Clapper at London Game

"The bells are ringing for me and my gal." That might be the theme song for the band Thursday night when it goes into a bell formation with a moving clapper which will swing in cadence with the music at the half time show.

William B. Clift, band director, said the band will play "The Bells of St. Marys" when the field lights go out and flashlights outline the bell formation. The clapper will move in time to the music as the band plays.

Before the bell design, the band will make an L before the London bleachers and after the main attraction at the half, the traditional W and alma mater for the WCH fans is scheduled.

All branches of the service will be saluted in the pre-game band display, Clift said. "The Marines March," "Anchors Aweigh" and "The Field Artillery March" are to be played as the band marches down the field in an anchor formation.

The spotlighted flag raising will begin the game preliminaries, a custom set last year, Clift said.

Russian divisions struck from their bridgeheads at Senock and Rozan behind a drumfire artillery barrage and heavy aerial attacks. The Soviet infantry and tank forces were reported "checked in heavy fighting in the forests" and subjected to counterattacks in which numerous Russian tanks were declared destroyed.

The Germans have insisted that grand Russian strategy is to co-

Immediate employment upon completion of either course. Carl M. Trego, authorized representative, will be at the UNITED STATES EMPLOYMENT SERVICE OFFICE

In Washington Court House on Thursday and Friday, October 26 and 27, From 9 A. M. to 5 P. M. to interview interested applicants who can comply with WMC Regulations.

ordinate a drive from the Narew to the Baltic port of Danzig, 160 miles from Senock, with the invasion of East Prussia from the north and east. Successful Russian breakthroughs from the Narew, where armies of the Czar were beaten decisively in the last war, would outflank the whole 14,000 square miles of East Prussia and the ravaged Polish capital of Warsaw as well. Senock is 15 miles north of Warsaw.

# My best Friends were amazed ...at my improved Looks ..new ENERGY.. Pep!

1—Promote the flow of vital digestive juices in the stomach

2—Energize your body with RICH, RED BLOOD!

Improper diet, overwork, undue worries, colds, the flu or other illness often impairs the stomach's digestive functions and reduces the red-blood strength. A person who is operating on only a 70 to 75% healthy blood volume or a stomach digestive capacity of only 50 to 60% normal is severely handicapped. At such times Nature needs extra help to restore its balance and function properly. Undigested food places a tax on the system. Insufficient blood strength is a detriment to good health.

If you are subject to poor digestion or suspect deficient red-blood or the cause of your trouble, yet have no organic complication or focal infection, SSS Tonic may be just what you need! SSS Tonic is especially designed (1) to promote the flow of VITAL DIGESTIVE JUICES in the stomach and (2) to build-up BLOOD STRENGTH when deficient. These two important results enable you to enjoy the food you eat ... to make use of it as Nature intended. Thus you may get new vitality ... pep ... become animated ... more attractive!

**Build Sturdy Health and Help America Win**  
Thousands and thousands of users have testified that SSS Tonic has brought to them and scientific research shows that it gets results—that's why so many say "SSS Tonic builds sturdy health"—makes you feel like yourself again. At drug stores in 16 and 20 oz. sizes. U.S.S.C.O.

"I've just paid our last bill ... a BANCPLAN LOAN cleaned the slate for us"

Even in the best-managed families, times of unusual financial demand may occur, and obligations may temporarily accumulate. To maintain credit standing, it is often wise to borrow ... personally ... and BANCPLAN LOANS, made by this bank, are ideal for this and many other purposes.

If YOU have a money problem, or wish to borrow to buy a car for necessary transportation, to repair your home or other property, to install fuel-saving improvements to aid the war effort, or for any worthy need, consult our officers.

when borrowing is necessary—try BANCPLAN

Rates are attractive. Monthly repayments can be conveniently arranged. And, you'll like BANK loan service.

## Mrs. Van Zant Chairman Of Program Presented at Browning Club, Tuesday

Mrs. Ira Barchet and Mrs. R. T. Andrews Voted into Club Which Met Tuesday Evening at Hotel Washington

"Inflation" was the title of the first paper presented when members of the Browning Club assembled at Hotel Washington, Tuesday evening. Preceding the first paper which was given by Miss Edith Gardner, the president, Mrs. A. B. Murray, conducted a brief business meeting. Two new members were unanimously voted into the club at this meeting and they were Mrs. Florence Barchet and Mrs. Florence Andrews.

Miss Gardner said in part, we are in the midst of inflation and gave several comparative prices to show the rising cost of living. "Some authorities believe we have reached our peak in wages and high prices," Miss Gardner said in closing her paper which was well prepared and well received.

The next paper entitled "Source of Browning's Romanticism," was delightfully given by Miss Golda Baughn. She gave a wealth of quotations revealing the historical, social and economic background which affected the literature of that period. She emphasized the freedom of the press on poetry of that period. Since there was a distinct trend toward free thinking, the poets introduced a variety of subjects expressing human emotions, some of them using dialect. All of this led to Browning's deep interest in humanity and to the strong appeal he gave to his poetry.

The third and last paper given Tuesday evening was "Co-operative Education," by Mrs. John Forsythe, who gave a brief resume of the earliest beginning of co-operative learning which could even be spoken of as belonging to pre-historic times. The movement developed through the middle-ages in the form of apprenticeship, and has now attained a high level in the schools. The remainder of the paper was devoted to the vocational angle, and she told how rapidly vocational guidance has developed in the high schools and colleges in the

## Organ Club Met Tuesday Evening

At a meeting of the Washington C. H. Organ Club, held at the high school building Tuesday night, and presided over by the President, Miss Marian Christopher, various matters of business were discussed at length, and plans laid for bringing a widely known organist here, if possible to make arrangements.

The question of becoming affiliated with the American Guild of Organists was first taken up, and decision made not to take the step at the present time. Plans for raising money for additional steps for the organ in the high school auditorium were discussed and Karl J. Kay was authorized to get in touch with one of the noted organists with a view to arranging a recital here sometime during the winter.

Miss Donna Smith was elected secretary to fill the vacancy caused by Mrs. C. L. Musser moving from the city. Another meeting will be held within a few weeks and plans for the session will be completed later.

## Hamburg Fry

Miss Gail Reisinger entertained several fellow employees of the Washington Candy Company with a hamburger supper, held at the home of her sister, Mrs. India Hooks, 806 Washington Avenue.

Those present were Miss Opal Massie, Miss June Strausbaugh, Mr. Gerald Gooley, Mrs. Marion Merritt, Mr. Paul Smith, Miss Beverly Strausbaugh, Zola Jane Hooks and Mrs. Hooks.

## Ann Robinson Is Hostess Tuesday To Jr. DAR

Mrs. M. Grove Davis, regent of the Junior Daughters of the American Revolution presided over the business meeting, when members met at the home of Miss Ann Robinson on Circle Avenue in regular session, Tuesday evening.

During the business meeting it was voted by the members to fill buddy-bags for our servicemen, as is the Washington C. H. chapter of the DAR. It was also decided to assist the DAR chapter in sponsoring a lad on an LST another war project. The chapter has been sending letters, magazines and boxes to the boy, and the Jr. chapter plans to assist in this work.

At the close of the session, Miss Robinson, always a gracious hostess, served a dainty dessert course, bringing to a close a most delightful and enjoyable session.

## Alice Davis Is Again Head of C. E. Society

Miss Alice Davis was re-elected president of the Christian Endeavor of the North Street Church of Christ when members assembled in the Endeavor room in regular meeting, Tuesday evening.

Vice-president is Norman Trout and Miss Patty Cabbage was elected secretary-treasurer. The committee chairmen will be appointed by this executive committee at their first meeting.

It was announced that several persons receiving the Christian Endeavor Bugle, a church paper printed by the Endeavor and sent to boys in the services from the class and church, is greatly appreciated. It was also announced the Christmas edition of the Bugle will be a larger one, and mailed early to the boys.

A party was planned for November, when parents of Endeavor members will be guests.

At the close of the meeting, light refreshments were served and enjoyed.

## WCTU Members To Bring Carpet Rags to Meeting All Day Friday

When members of the Washington C. H. WCTU assemble Friday morning, at the home of Miss Annette Stafford, on Market Street, they are to bring carpet rags ready to sew. These will be taken to the Veterans' Hospital, at Chillicothe, to be made into carpets for the patients.

A potluck luncheon will be served at the noon hour, and an interesting program has been planned.

The officer in charge of the occupational therapy department of the Veterans' Hospital at Chillicothe, is expected to arrive at noon, and during the afternoon program will give an explanatory talk on his work.

## Children's Mission Circle To See Slides on Sunday Morning at Grace Church

Mrs. Robert Dunton, teacher of the Children's Missionary Circle of Grace Methodist Church, will meet in the church basement at ten o'clock, Sunday morning, at which time a story in slides, "Sammie and His Friends," will be shown.

The slides tell how the Church of All Nations, in New York, is a house of help and friendship to "Sammie and His Friends."

## Elmwood Aid Society To Have Halloween Party Wednesday Eve

Mrs. Wert Bush will open her home Wednesday evening to members of the Elmwood Aid Society for their annual Halloween party, and members are asked to come masked.

The affair will begin at seven-thirty o'clock.

A compilation made a number of years ago showed that abnormally tall men tend to die young.

## MOP-UP IN AACHEN WAS DIFFERENT, SAYS OFFICER IN EXPLAINING SYSTEM

(Continued from Page One)

speaks with the measured drawl of his old home town of Kingstree, S. C.

"We used to attack at night. Here, we cannot do that because these house-to-house battles are a series of closely knit individual engagements. You have to be able to see what you are doing. Otherwise we would kill more of our own men than we would of the enemy."

"When we fought in open country we could figure pretty well where we would find resistance. In this city you cannot locate the position of machine gunners or snipers until right on top of them. That makes it harder on the soldiers' nerves. They know they might get it at anytime and it keeps them constantly on edge."

"I was a little nervous about this job at first because I did not know whether we had the right solution. But it has worked out well. Our casualties have been low. They come mostly from snipers, hidden in rubble heaps, cellars and windows. All you hear is his gun crack—and you are lucky if he does not get you."

"Using doughboys teamed with tanks and supported by machine-guns and mortars, you have to clean out every room in every house and you have to watch to see that they do not sneak back from one house to another through the mouse-holes in the cellar walls."

"We toss a hand grenade through those mouse-holes. That usually stops any nonsense from the other side."

Daniel has rounded up every civilian and moved him out of town, leaving the cleaned-out area

without a living soul except his own troops.

"The trouble in the past has come from failing to clean out thoroughly," he said. "If we did not evacuate the civilians, German soldiers in civvy clothing could slip through and start sniping from behind our lines. One of these soldiers might kill from 15 to 20 of our men before we located him—and that would have to be done by going back and cleaning up the town all over again. So far we have not had a man wounded or killed behind our lines in Aachen."

Daniel likes to shoulder his machine pistol and go up for a workout himself with his forward patrols. He got one German sniper himself. He shot him through a grill from a distance of almost 100 yards.

"Everyone of us should be able at the end of the war to hold up his hand and say he got a German," smiled Daniel. "Well, I can hold up my hand."

## PHILOSOPHY OF PLENTY URGED BY EDUCATOR

CHICAGO, Oct. 25.—(P)—Pres. Howard L. Bevis of Ohio State University today told the Land Grant College Association meeting here that the nation should acquire a philosophy of plenty, rather than one of "pig-killing" and "plowing-under."

He said in a prepared text release by his office, that the nation also should acquire a philosophy of "individual incentive and enterprise."

WHO GETS THE CASH? 6 out of 7 people who come here for money get it promptly no matter who they are, what they do or what their purpose may be. So don't worry. Your chances of raising cash anytime are all in your favor. Best of all, you can repay it in a week if you wish. Or take a full year as on most loans. It's up to you.

## Have a "Coke" = Join in the fun

... or adding life and sparkle to Halloween

What's a young folks' party without refreshment? "Coke" is naturally a member in excellent standing with any group of youngsters. And there's no better place to enjoy Coca-Cola than at home, served ice-cold right from the family refrigerator. Have a "Coke" is the invitation that starts a party off right and keeps it going. Coca-Cola adds its own life and sparkle to the natural gaiety of youth. When young people get together, Coca-Cola stands for the pause that refreshes, —symbolizes the sunny side of life.

## Lions Working On Pass Defense For London Game Thursday

"We are not under rating the London club, but I feel that we have shown considerable improvement in the past two weeks," Coach J. R. Brammer said as he finished putting the Blue Lions of WHS through an intensive drill on fundamentals under the lights at Gardner Park Tuesday night in preparation for the London game here Thursday night. He added significantly that "the boys feel this will be their night."

Imbued with a new confidence by their whirlwind finish against the Mt. Vernon Yellow Jackets here last Friday that almost gave them their first victory of the season, the Lions went through their blocking and tackling routine with a vicious vengeance—but nobody got seriously hurt.

Taking another leaf out of the book of experience, they put considerable time into the development of a defense against forward passes. Enemy aerial attacks have had the Lions in hot water

more than once this season and if the new strategy works they will be able to breathe a little easier.

The only casualty on the four-team squad are Capt. Bill Curry and Don Graves. Curry did not take part in the rough and tumble

workout Tuesday night because of old injuries, but it was said he probably would be in shape for the London game. Graves is still out with a bad ankle as the result of an injury at Hillsboro.

## Markettes Lose First Game Of Season to Record-Herald

Lloyds Markettes, the only unbeaten team in the Ladies' City League, bowed to the Record-Herald quintet Tuesday night and acknowledged their first loss. The Markettes lost only the first game, however. They lost their heavy artillery to win the last two fairly easily, despite the nearly 100 pin edge the Newsgirls had in the handicap.

All the other matches in the league Tuesday night were clean sweeps. The Farmers' Exchange made a landslide out of their con-

test with the Business and Professional Women; an avalanche of wins which put them just one game behind the Markettes at the top of the list.

A tornado in the shape of the Light's Dairy team swept the Murphy five and dime outfit before they could take three matches without any trouble at all. The final stack-up of pins gave the Dairymaids 2192 to the Murphy's 1915.

The Morris 5 and 10-Fayette Fruit Market tilt was the closest of the evening, although the Market girls won all three games. The scores were nip and tuck all the way through—the Fayette team won the first contest by only three pins. In the final analysis, they were 43 pins ahead, however.

## Kelly-Young Duel Comes Up Saturday

By JERRY LISKA  
CHICAGO, Oct. 25.—(AP)—Two of Chicago's greatest high school football products—rosy-cheeked Bob Kelly of Notre Dame and dusky Claude (Buddy) Young of Illinois—match talents at Champaign, Ill., Saturday before an Illini homecoming crowd that may jam stately Memorial Stadium.

The unbeaten Irish hope to parade behind Kelly to their fifth straight victory, while the once-beaten Illini are banking on national sprint champion Young to chase the Ramblers off the nation's top rooster and become something of a coast-to-coast power themselves.

A throng variously estimated at between 50,000 and a capacity 70,000, depending mainly on how well Chicago area fans can negotiate the 130-mile jaunt to Champaign, is expected for this neighborhood "natural."

Not since the golden 20's and the heyday of Harold (Red) Grange, who dedicated Memorial Stadium 20 years ago at another homecoming game with Michigan, has a Champaign contest so fired the imagination of local fans.

The reason is obvious. Notre Dame has averaged 43 points in a game in crushing Pittsburgh, Tulane, Dartmouth and Wisconsin. In six games, including a 35-19 setback by Purdue, Illinois has rolled along at a 38-point pace.

Both teams use the T-formation with deadly effect—the Irish employing Kelly as the king-pin of a wide-open running and passing attack and the Illini popping Young loose on lightning-like sweeps which already have given the tiny Negro star 10 touchdowns.

Although Young and Kelly never faced before, the Illini rocket may meet a former scholastic "jinx" if Notre Dame's Marty Wendell from St. George High becomes eligible this week. Wendell, a V-12 trainee and an outstanding defensive halfback, plagued Young with his hard tackling in the 1943 Chicago schoolboy title contest.

**COACH RESIGNS**  
GREENFIELD.—(Red) Armstrong has resigned as head coach of athletics at Denison University, Granville, and will join the Pure Oil Co. force. He was a former McClain coach.

## —Spying— On Sports

By Hugh Fullerton, Jr.

NEW YORK, Oct. 25.—(AP)—The rumor department has it that the Pacific Coast League is threatening to branch out as a third major baseball circuit. . . . From this distance it doesn't look like a serious threat—maybe a big stick to persuade the majors to grant that \$15,000 draft price. . . . Although the populations of some west coast cities have increased tremendously, only Los Angeles and San Francisco are of real big-league size and they're the only ones with big-league seating capacities in their ball parks—25,000 each.

The smallest major league park seats about 30,000 fans. . . . The other clubs all would have to rebuild their parks, assume major league salary lists and they'd lose the profits they set by developing youngsters and selling them to the majors. . . . Add to that the fact that the coast league, with a record attendance last summer, averaged under 300,000 per club—hardly a get-rich-quick total. . . . And what would they do about the World Series, anyway?

**Calling His Shot**  
Bobby Hicks, Piedmont league umpire, tells this one about shortstop Tom Brown, who moved up from Newport News to the Dodgers late last season. "I called a second strike on the kid that was pretty close," says Hicks. "He gave me a look, then took a toe hold and faced the pitcher. 'I can spot you one strike and that sore-armed pitcher another and still hit,' he growled. . . . Then he blasted the next pitch for a triple."

**One-Minute Sports Page**  
Shorty McWilliams of Mississippi State, leading Southeastern Conference scorer, is expected to enter West Point early in 1945. And one scribe who has watched both from their high school days rates Shorty as "better right now than Army's Doug Kenna ever will be."

**Service Dept.**

## ARMSTRONG RESIGNS AS COACH AT DENISON

Gerald (Red) Armstrong, who during the years he coached at Greenfield McClain High School sent many a good basketball and football team against the Blue Lions of WHS, today looked forward to a career in business with a 17-year record in sports and education as a memory.

He has resigned as head coach of athletics at Denison University, a post he took over when Tommy Rodgers, a native of Washington, C. H. and backfield star here and at Denison in the years immediately following the first World War, went into the navy. He is now a lieutenant commander.

Armstrong's resignation is effective next Tuesday. He is to be succeeded by James A. Payne, USNR, attached to the military personnel on the campus.

Armstrong coached at Greenfield

for 13 years before going to Denison in the fall of 1942. His 1943-44 court squad at Denison won state laurels in Ohio both as the highest scoring quintet and for the highest percentage of victories during the 20-game series. His team lost only to Ohio State and to Bowling Green.

Denison's football team is undefeated thus far this season and plays its final game Saturday, clashing with Miami University at Dayton.

Since going to Granville, Mr. and Mrs. Armstrong have purchased a home at 428 W. College Street. The family will continue to reside there. Until recently Mrs. Armstrong was personnel director at the Alcoa plant in Newark since its opening more than a year ago.

## OHIO STATE KEPT GOING BY WIDDOWES

By HAROLD HARRISON

COLUMBUS, Oct. 25.—(AP)—Ohio High School boys plus a young fellow who, until 1941, was only an assistant high school coach, have produced the nation's fourth ranking college grid squad at Ohio State University.

And it's just a repetition of what happened three years ago. Back in 1940 a young man by the name of Paul E. Brown was coaching at Massillon (O.) High School. One of his assistants was Carroll Widdowes.

Suddenly, with the support of the Ohio High School Coaches Association, Brown became head coach at Ohio State and brought Widdowes and his other assistants with him. It was one of the biggest jumps ever made by a coach but it took Brown just two seasons to produce a Big Ten and unofficial national champion.

Last year was a bad one because Ohio State was one of those schools which had to depend entirely on civilian talent. Then Brown went to the Navy and Widdowes, who never before had been in full charge of a college team, took over.

His team—still all civilian—now has won four straight games, the latest a 20 to 6 triumph over Great Lakes which now is coached by Brown.

What's the secret behind the success of the Brown-Widdowes combine? Most observers here say it's the very fact they made the quick jump from high school to big time college football. They have had the support of the high school coaches and, as a result, Ohio's high school boys have been coming to Ohio State. Only three members of the 1944 Buck squad are from outside the state.

"It has helped in handling the boys," Widdowes said today. "We are working with players of about the same age that we did in high school. And don't forget, there are a lot of fine high school football coaches and I don't think there is any better high school

football played anywhere in the country than in Ohio."

Widdowes was quick to depreciate his success, however, pointing out that he had three years of college experience as Brown's assistant.

"But we've got a fine group of boys this year," he added. "They show the effects of having had great high school coaching."

To high Missouri, Iowa, Wisconsin and Great Lakes, successive victims of Ohio State this season, probably will say, "Yea, Brethren."

## FIREWORKS LIKELY AT MICHIGAN

By JIMMY JORDAN

CHICAGO, Oct. 25.—(AP)—There'll be plenty of aerial fireworks, and a few explosions along the ground, too, when Michigan and Purdue meet at Ann Arbor in the week's top Western Conference game Saturday.

Although Michigan has been beaten once, while Purdue's circuit slate is clear, the game in the past few days has assumed almost gigantic proportions in the minds of Western Conference fans who anticipate a wide open battle between last year's co-champions.

Michigan, it appears, has the best chance of any conference team of dumping Purdue off the top of the standings. The Wolverines have displayed a lot of running power in beating Northwestern and Minnesota, and they scored an early season 12-7 victory over the power-laden Iowa Sea-hawks. The Sea-hawks beat Purdue, 13 to 6.

Then, too, it will be the last game for the Wolverines' two great running backs, Bob Wiese, a Navy trainee, and Bob Nussbaumer, a Marine, who are slated for service transfers early next week.

While this game held the Western Conference spotlight, the Notre Dame-Illinois meeting at Champaign Saturday continued to rank as the midwest's top encounter.

Coach Ray Eliot of Illinois was

## Markets and Finance

### GRAIN MARKET NEWS SUMMARY

CHICAGO, Oct. 25.—AP—Most of the early gains in grain futures were erased when profit taking developed today. Wheat and barley fell fractionally higher but other markets suffered sharp breaks.

December wheat dropped as much as 14 cents from the day's high when selling on the bulge disclosed the demand had tapered off. Trade sources said there apparently was nothing in the news to account for the early buying which ran the market into stop-loss orders.

Rye advanced to new highs for more than three months as the market reacted to the early trade in wheat. Moderate selling of December corn by a broken with cash connections weakened that market. The setback in corn affected the oats market. The trade reached considerable volume with Commission Houses providing the offerings on the early upturn.

At the close wheat was 1/4 to 1/2 higher than yesterday's finish, December 1.64 1/2, corn was 1/4 to 1/2 higher, 1.14 1/2, oats were 1/4 to 1/2 lower, December 67 1/2. Rye was off 1/4 to 1/2, December 1.15 1/2. Barley was 1/4 lower to 1/2 higher, December 1.07 1/2.

### GRAIN CLOSE

CHICAGO, Oct. 25.—AP—Wheat—Dec. 1.64 1/2; May 1.60 1/2. Corn—Dec. 1.14 1/2; May 1.10 1/2. Oats—Dec. 67 1/2; May 62 1/2. Rye—Dec. 1.15 1/2; May 1.11 1/2. Barley—Dec. 1.07 1/2; May 99 1/2.

### CASH GRAIN

CHICAGO, Oct. 25.—AP—Cash wheat nominal; No. 1 red 1.12 1/2, No. 2 red 1.11 1/2. New corn, late billing 1.11 1/2. Oats No. 2 white extra heavy 71 1/2; No. 3 white heavy 70 1/2. Barley, malting 1.15 1/2-1.37 1/2 nominal; feed 85-1.31 nominal. Soybeans No. 2 yellow 12.10 nominal. Field seed per hundredweight nominal, timothy 8.25-8.50; red clover \$31.50, alsike \$28.50.

Elsewhere around the Midwest Loop: At Columbus, Ohio State's Buckeyes worked on pass offense in preparation for their first meeting with Minnesota state 1940. . . . The Gophers, idle last week, tried Vic Kubitski, recently discharged from the Marines, at fullback. . . . Northwestern, idle this week, held a light workout, and planned another today after which the squad will be given a holiday until Tuesday. . . . Coach Bo McMillin of Indiana, expressed fear his line would be badly weakened when they meet Iowa Saturday if Tackle Joe Kempf has not recovered from a twisted knee. . . . Iowa Preflight went thru a defensive drill preparing for the Marquette contest Sunday. . . . Great Lakes had a similar workout for its game with Wisconsin, while the Badgers continued to take things easy awaiting recovery of injuries suffered in the Notre Dame game.

# CONFLICT AFTER WAR TO BE BIG, ROTARIANS TOLD

Challenge To Home Front Is Speaker's Subject Here Tuesday

"The conflict at home will be ten times greater than war problems, Rev. A. K. Wilson, who six years ago was pastor of Grace Methodist Church, told Rotarians at the club's Tuesday luncheon meeting at the Country Club.

Rev. Wilson's topic was the challenge to the home front. He said the great challenge to the Rotary Club was interest in foreign policy and not in isolationism. He predicted that cutbacks, reconversion and termination of contracts would bring changes in the present United States.

Migration is causing state problems, either in increase or decrease of population, Rev. Wilson said. He cited Oklahoma, which has lost one-quarter of its population, and California, which has gained most in population, as examples of the migration of war workers.

He urged attention to civilian morale. Extreme worry is bad and fellowship in Rotary is vital to Rotarians, Rev. Wilson said.

Paraphrasing Gen. Douglas MacArthur, Rev. Wilson said: "We shall return to peace time living because we are going to be big enough to do it."

Guests at the meeting were T. Cpl. Loren Noble with his father, W. P. Noble of Bloomingburg, and T-Sgt. George (Bud) Naylor with Arch Newbery. Sgt. Naylor spoke briefly about the 69 combat missions he made in B-29 Superfortresses from England and French bases. He wears the Distinguished Flying Cross with 11 oak leaf clusters and has been awarded two bronze stars.

Dr. W. H. Limes, president of the club, reported on the progress of clearing the site of the Washington Park.

## MRS. WILSON HEADS MARTINSBURG P-TA

Masquerade Contest Is Won By Elsie Rittenhouse

Mrs. Walter Wilson is today president of the New Martinsburg P-TA after an election of officers held at the group's meeting Tuesday night.

Other officers named are Happy Wilson, vice-president; Oscar McCoy, secretary and Mrs. Russell Grice, treasurer.

Before the program a masquerade contest was featured. Elsie Rittenhouse took first prize with Janet Hart and Marlene Thenis winning second and third places.

A musical program was headed by a band ensemble which included Emmett Hudnell, Chester Smith, Ernest McAllister and Melvin Williams with Happy Wilson as accompanist.

Mary, Betty and Lois Boyer sang three songs before Marlene Thenis recited a poem. Other numbers on the program included a musical reading by Eileen and LaVerne Tway, and vocal solos by Bonnie Cockerill and Lois Boyer.

## MRS. OLLIE SKINNER FUNERAL RITES HELD

Rev. E. R. Rector of the Methodist Church of Jeffersonville, conducted the funeral services for Mrs. Ollie Wirsing Skinner.

## FINAL REPORT ON NWF IS SET FOR WEDNESDAY

Workers Urged To Give Every Person a Chance To Contribute to Fund

Although no one will know until Wednesday night whether or not the National War Fund quota here was met, Walter Rettig, campaign chairman, urged solicitors not to miss anyone in their area.

The final report meeting of chairmen will be Wednesday at 8 P. M. in the common pleas courtroom of the Court House. All workers are asked to turn in the money which they have solicited to their ward or township chairmen so that it may be counted in the final analysis Wednesday night.

If the quota is not met Wednesday, there is a possibility the drive may be extended, it is believed.

Unlike the National War Fund drive last year, three local benefits are included in the war relief agencies—the Boy Scouts, Servicemen's Canteen and the 4-H club camp improvement program.

## DISTRICT GOVERNOR LIONS CLUB SPEAKER

Postwar Period and Current Events Are Subject

Current events and the possibilities of the postwar world were included in Judge A. N. Wiseman's brief speech at the Lions Club Tuesday night at the Country Club. Judge Wiseman of Dayton, is the Lions Club district governor.

Judge Wiseman made no comments on the current situation and dwelt only on what could happen in the postwar period.

All Lions were urged to complete their National War Fund soliciting by Wednesday night.

Secretary Paul Van Voorhis attended the Tuesday night meeting after several week's absence while he recovered from an attack of polio.

held Tuesday at 2 P. M. at the Morrow Funeral Home.

Rev. Rector read a memoir, offered prayer, read the Scriptures and delivered the sermon.

Mr. and Mrs. Max Morrow sang the hymns "Old Rugged Cross" and "Beautiful Isle of Somewhere."

Interment was made in the Fairview cemetery.

The lovely floral gifts were cared for by Mrs. Forrest Ervin, Mrs. C. E. Seibert, Mrs. J. E. Lanum, Mrs. Robert West and Mrs. Ellsworth Vannorsdall.

The pallbearers were: Ellsworth Vannorsdall, Charles Seibert, Robert West, Cleon C. Coe, William DeLaRue and Howard Reid, Jr.

# SON OF WOMAN HERE HONORED WITH PLAQUE

Capt. Howard E. Craig Was Killed in Action in France August 4

Homage to the memory of the late Capt. Howard E. Craig, son of Mrs. Ed Craig, 716 Columbus Avenue, was paid by his former associates at Camp Wolters, Texas, in the presentation of a plaque to the Tully-Convey High School at Convey, Ohio, where Capt. Craig taught.

He was killed in action in France August 4. He left Camp Wolters for overseas service in June after graduating from the Advanced Officer's Training School at Ft. Benning, Ga.

He is survived by his widow, Mrs. Katherine Craig, a nurse in the Van Wert County Hospital, and two children, Howard John, 4, and Joyce Anne, 3, besides his mother. Capt. Craig was commissioned in 1937 while attending Ohio State University. He entered active service February 4, 1942, soon after Pearl Harbor and was stationed at Camp Wolters.

Capt. Craig was a teacher of physical education, biology and history in addition to coaching high school basketball and football.

The plaque that was presented to the high school was a walnut shield with the following bronze inscription:

"Presented in memory of Capt. Howard E. Craig, infantry, killed in action in France, August 4, 1944, to Tully-Convey High School by the military and civilian personnel associated with him in Special Service activities at Camp Wolters, Tex., from February, 1942 to January, 1944."

Capt. Craig was a 1929 graduate of Bloomingburg High School.

## STOLEN AUTO FOUND ABANDONED ON STREET

Chief of Police Vaiden Long Tuesday received word from the chief of police of St. Bernard, Cincinnati, that the Homer Garlinger Buick Sedan, stolen in this city Oct. 18 at about 8 A. M., had been found abandoned on the street there.

It had been on the street since early October 18, the report stated.

# CURRY MAKES EXPLANATION OF CHARGES FILED

Suspended Fireman Claims Fire Chief Cursed and Abused Him

William O. Curry, recently suspended for 30 days for insubordination and as a disciplinary measure, Tuesday filed a statement with City Manager W. L. Stambaugh and the Civil Service Commission.

In his statement of explanation to the charges filed against him by City Manager Stambaugh, Curry declares that Fire Chief George Hall cursed and abused him "unmercifully," and from this beginning I told Hall that he did not treat me right and told him of his short-comings.

Concluding the statement says: "At the time of the altercation, I had been on duty and had, since the fire, helped wash all of the equipment and to do everything that was to be done, in the department. I hereby would like to say that I have never refused to

carry out an order that has ever been given to me, and that I am not guilty of any act of conduct of disrespect toward Hall except to defend myself against unwarranted charges and abuse by said Hall."

City Manager Stambaugh said in connection with the Curry statement that there was nothing he could do about it, and that his inquiry had brought the statement from a witness that Chief Hall did not curse Curry. Also that his investigation disclosed facts that warranted the suspension as a disciplinary measure.

A member of the Civil Service Commission said Wednesday that the matter would be taken up "informally or otherwise" and inquiry made into the matter.

## OFFICERS TAKE FOUR BOYS BACK TO XENIA

Juvenile Judge William B. McCallister, of Greene County, accompanied by Forrest Shoup, Probation Officer, came to this city Tuesday afternoon and took back with them the four Greene County boys held here for stealing gasoline in this city Sunday night.

One of the boys, John Crowell, 17, had been out of the Boys Industrial School for five weeks, and had driven his grandfather's automobile without the owner's consent. The car, owned by Charles Walters, of Osborn, was left here to be taken home by the owners.
